

CREW RICHMOND

30TH ANNIVERSARY

Drive Shack Happy Hour by Laura Anderson

On a warm evening in August, six CREW Richmond members gathered at Drive Shack to enjoy the Goochland fresh air. We spent some time at one of the bays for happy hour and to share a variety of appetizers. Having a small group really allowed everyone to get to know each other much better, especially some of us who were meeting for the first time. We were all incredibly grateful to have the opportunity to have some networking interaction in person – and a general comradery was formed. The group connected on what their children’s schools were planning to do, how their companies were adjusting to transitioning people back into a working office environment, how summer vacations got cancelled and what can be done to best enjoy a “stay-cation” in Richmond. This event was a wonderful reminder that no matter what is going on in each other’s lives – and the world – we can come together in a CREW environment and continuously feel supported and connected.
